## *The Face of* **DUAL LANGUAGE EDUCATION**

### **ST. MARY MAGDALEN SCHOOL**

Beginning at 3 years of age, students at St. Mary Magdalen School partake in a dynamic 21st century education. Students become proficient in Spanish and English, as well as in technology through its dual-language program, guided by Boston College and UTSA, and its 1:1 Chromebook program. As the demand for technology-savvy bilinguals increases, St. Mary Magdalen School meets that demand.

Principal William Daily says, "Our students engage in a first-class education that will give them a huge advantage in an increasingly competitive world." Mr. Daily adds that St. Mary Magdalen School, which serves students from 3 years to 8th grade, has a low student-teacher ratio (under 19:1), affordable tuition (roughly \$350/month), and a staff that boasts well over 300 years of combined teaching experience, over a dozen university degrees, and over ten master's and doctorate degrees. "As a Catholic school, we take great pride in our unique ability to educate the whole child, and our dual language program and 1:1 Chromebook program enable SMMS to do that to an unprecedented degree. Our two goals for our students are college and heaven, and these two programs strengthen that dual endeavor," states Mr. Daily.

## *The Face of* **FINE JEWELRY**

### **DENNIS JEWELRY**

They say the apple doesn't fall far from the tree, nor the diamond from the mine. Kimberlee Dennis-Brysch, along with her brother Jason, are the third generation of Dennises to bring exquisite jewelry designs to San Antonio and the surrounding area.

The tradition and craftsmanship that George Dennis Sr. established in 1936 has continued with George Jr., Kim and Jason at Dennis Jewelry, located at U.S. Highway 281 and Winding Way. The knowledge and expertise the Dennises have learned through the years is difficult to replicate anyplace else. "We've grown up listening to the language of jewelry, watching the different processes of custom design and seeing the care that goes into a beautiful piece. You can't learn that from books," says Kim.

Whether you are looking for a men's or women's Victorinox watch, seeking a one-of-a-kind handmade design, or looking for one of the many exclusive brands available only at Dennis Jewelry, you're sure to find the perfect gift that will become a treasured family heirloom.

In addition, Dennis Jewelry is the exclusive San Antonio home for Simon G., Martin Flyer, Art Carved and Tacori. Kim and the Dennis Family invite you to become part of the San Antonio tradition that is Dennis Jewelry.

## *The Face of* **CONTEMPORARY FURNITURE**

### **COPENHAGEN IMPORTS**

For more than 45 years, the Hansen family and Copenhagen Imports have been bringing contemporary design to the greater Southwest. Erik Hansen founded the family-owned and operated business in 1970 in Phoenix, Arizona, and his son, co-owner Jens Hansen (standing), opened Copenhagen San Antonio in 1990. "Copenhagen has the high-end design products affluent customers demand, but our passion lies in offering products of good design and quality at responsible prices to an even larger market," Jens says. Contemporary furniture is the fastest-growing segment in the industry and as mainstream furniture retailers have become nearly indistinguishable from one another, Copenhagen has continued to evolve with current lifestyle trends and stand out. Area manager John Milk (seated), a 20-plus year Copenhagen veteran, effectively expresses the Copenhagen mission through inspirational merchandising and interior design. "My heart lies in visual display both in-store and in the customers home," he says. "The Hansens make this part of my job easy by continuing to provide me with new and exciting products that are relative to today's consumer. The Hansens have always been focused on creating relationships with our customers, not invoices."

## *The Face of* **STEAKHOUSES**

### **J-PRIME STEAKHOUSE**

With a sharp eye for design, simplicity and classic presentation, Fernando Arantes had a vision conceptualized in what we now know to be J-Prime Steakhouse. Under the wing of longtime restaurateur and owner of Chama Gaucha Brazilian Steakhouse, Joao Ongaratto, Fernando was entrusted with this diamond for understanding what exquisite customer service should look and feel like. As Brazilian natives, Fernando and Joao incorporate their ancestral customs for service to make each dining experience unique and personalized. J-Prime Steakhouse brings a new level of service to San Antonio where even the smallest detail has been thought out to perfection.

J-Prime marries traditional staples of an American steakhouse with authentic flavors of South America to create delectable and exciting dishes. Using a parrilla grill imported from Brazil and fired at 1400 degrees, guests are guaranteed to receive steaks at the perfect temperature. From Akaushi ribeye to dry-aged New York strip, the unique aging and preparation styles truly are an art form. It was important to Fernando to also create an environment that is accommodating to grabbing your favorite drink with friends, bringing a client for a quick lunch or enjoying a casual Sunday brunch with family. Each experience will be memorable and prime.

## *The Face of* **DENTISTRY**

### THE SMILE CENTER

The irony of his inclusion in the Faces Of San Antonio as “The Face Of Dentistry” is not lost on Dr. Stephen Simpton, owner of The Smile Center Family Dentistry. Of all the things people observe when meeting someone, more than 50 percent cite the smile as the first facial feature they notice!

And for Dr. Simpton, this simple fact epitomizes the underlying foundation of his philosophy behind The Smile Center: forging relationships. Striving to build strong, healthy community connections, lasting friendships, as well as generational bonds standing the tests of time and tribulation, for over 16 years Dr. Simpton has realized the perfect metaphor for his practice of Dentistry.

He understands it’s about more than just teeth; it’s about the ability to establish rapport and trust—with his patients, his partners, his neighbors—and for others to be able to do the same!

Harkening back to our original “toothy tidbit,” despite this attraction to smiles, a full 80 percent of people say they are not happy with their smiles! And life is too short to live it unhappily, so Dr. Simpton brings an unwavering dedication to improving the quality of life for every San Antonian. Taking all this into account probably best explains his selection of The Smile Center motto: “Making smiles easy!”
